

Evoform Biosciences Announces Pricing of Public Offering of Common Stock and Warrants

SAN DIEGO, May 22, 2018 /[PRNewswire](#)/ -- Evoform Biosciences, Inc., (NASDAQ: EVFM) ("Evoform" or the "Company"), a clinical-stage biopharmaceutical company committed to developing and commercializing innovative products to address unmet needs in women's sexual and reproductive health, announced today the pricing of an underwritten public offering of up to 8.5 million shares in aggregate of common stock or, in lieu of shares of common stock, pre-funded warrants exercisable for shares of common stock, and accompanying common warrants to purchase an aggregate of 1.7 million shares of common stock.

The shares and pre-funded warrants are being sold at a public offering price of \$4.69 per share and \$4.68 per pre-funded warrant, respectively. Each share of common stock and pre-funded warrant is being sold together with a common warrant to purchase one-fifth of a share of the Company's common stock at an exercise price of \$7.50 per share. Each common warrant is being issued at a price of \$0.01. The common warrants will be exercisable immediately and will expire seven years from the date of issuance.

The gross offering proceeds to Evoform from this offering are expected to be approximately \$39.9 million, before deducting underwriting discounts and commissions and other estimated offering expenses, and excluding the exercise of any warrants. As part of the offering, Evoform granted the underwriters a 30 day option to purchase up to an additional 1,275,000 shares of common stock and/or common warrants to purchase up to an aggregate of 255,000 shares of common stock. All of the shares of common stock and warrants are being offered by Evoform.

RBC Capital Markets LLC and Cantor Fitzgerald & Co. are acting as joint book-running managers for the offering. Oppenheimer & Co. Inc. is acting as lead manager, and Roth Capital Partners is acting as co-manager.

Evoform intends to use the net proceeds from this offering to fund its ongoing Phase 3 clinical trial of Amphora[®] (L-lactic acid, citric acid, and potassium bitartrate) vaginal gel for the prevention of pregnancy, which is fully enrolled and from which it expects to report top line results in the first quarter of 2019 and the ongoing Phase 2b clinical trial of Amphora for the prevention of urogenital transmission of chlamydia and gonorrhea in women, as well as for general corporate purposes, funding working capital needs and any necessary capital expenditures.

A registration statement on Form S-1 relating to the offering was filed with the Securities and Exchange Commission (the "SEC") on May 16, 2018 and was declared effective on May 21, 2018. The offering is being made only by means of a prospectus. Evoform's SEC filings are available to the public from the SEC's website at www.sec.gov.
